

WARRANTY

Your GemOro DSPRO 1067 LED Microscope features a FIVE YEAR MECHANICAL & TWO YEAR ELECTRICAL WARRANTY from the date of its purchase assuming the purchaser fills out the WARRANTY REGISTRATION FORM below and mails it back to the following address (postage prepaid) along with a copy of their invoice (Bill of Sale) within 30 days of its purchase. Please note that all LEDs are not covered under this warranty. If this criteria is not followed to obtain warranty registration, your DSPRO 1067 LED will automatically be covered for a 90 DAY LIMITED WARRANTY from the date of when your microscope was purchased, as noted on the Bill of Sale (if supplied) or through the serial number tracking system as interpreted by the factory. In the event the GemOro DSPRO 1067 LED is no longer available or has been discontinued and warranty coverage is applicable, at the factory's sole discretion an equivalent microscope may be substituted in place of the defective microscope. In all instances the purchaser shall be responsible for the costs incurred for all freight, postage, insurance and handling for all warranty and/or non-warranty microscope repairs.

Parts & Features Manual

Elite Signature Series DIAscopePRO *Limited Edition* DSPRO 1067 LED

Congratulations on your purchase of the Limited Edition, GemOro Superior Instruments DSPRO 1067 LED Microscope! GemOro has continued its tradition of offering more features and innovations in its microscopes than competing models and at a fraction of the cost. With the introduction of the DSPRO 1067 LED, this marks the beginning of the new standard in diamond and gemological microscopes.

Your DSPRO 1067 LED integrates the best features and accessories from all of the competitive microscopes in its class. It utilizes an unparalleled technological breakthrough with long-life LED technology, providing superior, ultra-bright, yet cool, natural daylight illumination and more.

STANDARD FEATURES:

- The world's first super bright, yet cool, LED natural daylight illuminated gem scope for the ultimate gemological professional!
- Superior quality, precision 10X - 67X zoom Japanese quality optics in an Olympus style head
- Microscope head and base swivel 360°
- Tilt with 55° viewing angle
- Rheostat controlled intensity, super bright LED darkfield / brightfield
- Adjustable iris diaphragm
- LED gooseneck interchangeable UV/Daylight LED Intense-Beam Light Source® for inspection & fluorescence detection (may be used on the right or left side of base)
- Gem clip stone holder (may be used on right or left side of base)
- Briefcase style all metal carrying case, eye guards and dust cover included
- International voltage sensing, automatically adaptable 100V-240V multi-voltage powered
- Patents pending
- Five year mechanical & two year electrical warranty

Note: The light fixtures in the DSPRO 1067 LED were intentionally designed to accommodate more LEDs than were required for optimum illumination. Therefore if after a period of time an LED fails do not panic because the required lighting has not been compromised. All LEDs are not covered under this warranty.
